Mr. Edward H. Owen, Editor
PRINTING PRODUCTION
1276 West Third Street
Cleveland, Ohio 44113

Dear Mr. Owen:

Enclosed is the manuscript on "Hyphenless Justification" which we discussed over the telephone. It describes a method of composing text for photocomposition by computer without the need for end-of-line word divisions and hyphens. I believe that this subject is of considerable interest at the present time and that the article makes an important contribution to the field of computerized typesetting.

25X1A9a I discussed with [REDACTED] the matter of publication in a printing magazine and he recommended PRINTING PRODUCTION. I would appreciate your reviewing the manuscript for possible publication in PRINTING PRODUCTION, and let me know your reaction. Any suggestions you have will also be welcome.

You mentioned that you would like to include the Agency on your complimentary subscription list. We would be pleased to receive PRINTING PRODUCTION on a regular basis.

Thank you for your consideration, and with kindest personal regards, I am,

Sincerely,

25X1A9a/
